Admission of Students

METHODS OF ADMISSION

All correspondence with reference to admission should be addressed to the President of the College. A blank for statement of the applicant's preparatory work can be secured by writing to the Registrar. This blank must be filled out and mailed before matriculation.

There are two methods of gaining admission to the Freshman class:

1. *By Certificate from Accredited Schools*
2. *By Certificate from a Nonaffiliated School*

SPECIAL STUDENTS

Candidates of mature age, not less than twenty years old, are admitted without examination to courses in which they are prepared to do special work, according to the regulations prescribed for special students by the Association of Colleges and Secondary Schools of the Southern States.

ADVANCED STANDING

Students who are prepared to enter classes higher than Freshmen will receive advanced standing upon submitting an official statement of college credit and college entrance credit, a marked copy of the catalogue of the college previously attended indicating the courses for which credit is desired, and a letter of honorable dismissal. If credits are presented from a college that is not fully accredited, they must be verified by taking advanced courses in the same subjects. If satisfactory work is done, then full credit will be allowed. Otherwise credits for advanced standing will be discounted.

No advance standing is allowed beyond the Junior year in the case of students who have not attended Athens College before. The last 45 hours must be taken in residence at Athens College.

A T H E N S C O L L E G E

Residence is interpreted to mean either summer school or regular term work. The 45 hours are furthermore interpreted to mean one full year's work or two and one-half summer's work. However, if a student has had at least one year of work at Athens College, he may graduate by attending the last quarter or the last full summer term before receiving his degree.

PREScribed SUBJECTS

Any fifteen units may be selected from subjects that are accepted for admission, *provided not more than four units are offered in vocational and commercial subjects.*

THE COLLEGE LOAD

The normal load for a regular college student shall be sixteen hours of recitation per week. Hours in excess of seventeen shall be charged for at the rate of \$3.00 per hour. Students, who are working in the Industrial Unit, are not permitted to take more than three-fourths of a regular college load. However, for seniors, who have done good work through the junior year, this may be increased to a full load for one quarter.

Requirements for Graduation

The Bachelor's degree is conferred upon all of those who meet the requirements enumerated below. Every candidate must complete, before graduation, 195 quarter hours and secure 195 quality credits. Also for a degree, the student must complete a major and a minor, as outlined on Page 22. The required courses, in quarter hours, are as follows:

FOR DEGREE	A.B.
English	20 hours
*Foreign Language.....	10 hours
Mathematics	10 hours
Science	10 hours
Psychology and Education.....	10 hours
Social Science.....	10 hours
History	10 hours
Bible and Religious Education.....	15 hours
Physical Education.....	6 hours
Electives	94 hours
Total.....	195 hours

Ten quarter hours of Algebra will be offered. Students entering with no high school algebra credit, *and* students not far enough advanced to enter the advanced half of the course, must enter the first half, and must take the entire ten quarter hours to receive any of the credit. Students, far enough advanced in algebra upon entering, may enter the advanced half of the course, and are required to take only five quarter hours in algebra. All students required to take mathematics are required to take five quarter hours trigonometry in addition to algebra.

Only one-fourth of the above may be taken by extension.

The faculty reserves the right to make certain exceptions to the above requirements when facts warrant it.

PROFESSIONAL TEACHING CERTIFICATES

Courses of Instruction

ALL COURSES MEET FIVE TIMES PER WEEK AND CARRY FIVE QUARTER HOURS CREDIT UNLESS OTHERWISE SPECIFIED AFTER THE COURSE.

EXPLANATION OF NUMBERING OF COURSES IN THE CATALOG

Courses numbered from 1 to 19 are intended primarily for Freshmen; from 20 to 29 for Sophomores.

Courses 30 to 39, for Juniors; from 40 to 49, for Seniors; 50 to 59, except in *Physical Education, are reading or lecture courses open to any student.

a, following the number of a course indicates the first quarter of a course that continues more than one quarter; *b*, the second quarter; *c*, the third quarter. Thus: Eng. 1a is the first quarter of Eng. 1; Eng. 1b is the second quarter of Eng. 1; Eng. 1c is the third quarter of Eng. 1.

The number of a course is not followed with a letter unless it is a course continued more than one quarter.

SCIENCE

Students may offer for their field of concentration either Chemistry or Biology. They must have a minimum of forty (40) hours in either for a major, or a major in the combined field of science may be taken as a composite major by taking 45 hours. (See page 21)

Students taking only the minimum amount of Science required to graduate may not elect the two quarters from different Sciences.

Students who are majoring in Chemistry must include Chemistry 1a, 1b, 1c, 20a, 20b, 30 and 31. Those minoring in Chemistry must include Chemistry 1a, 1b, 1c, 20a, 20b and either Chemistry 30 or 31. It is suggested that they start their courses as early as possible to avoid doubling laboratory periods.

The following list of expenses represents the entire cost of a year except books. It is earnestly desired that the students shall not have too much spending money. They do not need it, and the possession of it militates against good collegiate work. Books cost about \$20 for the year.

Checks and money orders should be made payable to Athens College and mailed direct to the President.

Application blanks and further information will be promptly sent if interested persons will address the President, Athens College, Athens, Alabama.

A deposit of \$10 is necessary for the reservation of a room, which amount will be credited on bill rendered at the beginning of the session. This will be refunded if reservation is canceled within thirty days. No refund will be made after August 15.

Any student registering at anytime other than date specified in Calendar for Registration is charged an extra \$2.50.

EXPENSES FOR BOARDING STUDENTS
